

Our 2026 postcard campaigns!

Big things are happening this year, and YOU get to be part of it!

We have three postcard programs running for the 2026 General Election. The purpose of all these campaigns is not only targeted candidate and issue awareness, but a big push for early voting.

3 Constitutional Amendments

Virginia voters will be deciding on three constitutional amendments this year, and we're excited to encourage a big, enthusiastic **Vote YES on all three.**

Most voters have no idea these amendments are even on the ballot. That's a problem. Low awareness means voters may skip them entirely when they get to the polls. Let's make sure people know about the amendments and vote YES on all three in November.

We have 2 campaigns on the amendments: Civil Rights Continues and Vote YES x 3. Click on the links below for instructions and script.

School Board Candidates - Virginia Beach

Here's the thing we learn again and again, our postcards get more powerful the more local we go. For school board candidates who often get overlooked by state and county parties, our cards are often the only outside support they get. Let's flood

them with postcard love and make sure our schools stay protected!

Congressional Candidates

This midterm election, the momentum is real. We're feeling that giant blue wave building, and it means no congressional seat is out of reach. We've got an incredible slate of candidates stepping up to run in districts that currently have a republican Representative. Every single one of them deserves our full support!

We are writing postcards for all 5 of our candidates running against the Republican incumbents. Click on the links below for instructions and script.

So... get ready to grab a pen and make an impact.

Let's not just win...Let's WIN BIG!
